Studies in Gambling Addiction Online Certificate Program

What Others Are Saying

“With the rapid expansion of gambling ... the need for education and training of treatment, prevention and research professionals has never been greater. University programs providing training opportunities for professionals working in the field of gambling studies should be commended for this important work.”

Jeffrey L. Derevensky, Ph.D.,
Professor and director of Clinical Training,
Department of Psychiatry at Quebec’s McGill University

The North American Training Institute is approved by the American Psychological

Association to sponsor continuing education for psychologists. The North American Training Institute maintains responsibility for this program and its content.
